PRIZE WHEELS

All wheels have completely customizable prize slots – you choose your own prizes and print them on your desktop printer. Templates in Adobe Illustrator and Microsoft Word on a CD and a pack of 15 sheets of heavy cover stock are included. Each sheet is perforated in the shape of the prize pocket. Your logo goes in the center circle. Each wheel contains a pointer that “clicks” between each segment. The clicking sound draws a crowd and adds excitement as the wheel spins. So simple, you can make a new theme promotion for each event. Wheels are made of a combination of extra tough ABS plastic and durable PETG plastic. The clicker is made of virtually unbreakable nylon plastic, able to withstand thousands of spins. Assembly is easy with a durable tripod style stands made of high quality powder-coated steel.

MINI PRIZE WHEEL #CP-1024

Compact, easy to transport and small enough to fit on a desk or tabletop. Includes 12 prize slots. Size 20” diameter. Weight 6 lbs. Note: Extension legs do not fit the Mini-Prize Wheel.

TABLETOP PRIZE WHEEL #CP-1025

Large size prize wheel with 12 or 18 prize slots. Wheel size 31-1/2” diameter. Weight 11-1/2 lbs.

FLOOR STAND MODEL PRIZE WHEEL #CP-1026

Add versatility with the Floor Model. It easily converts to a Tabletop Model by removing the leg extensions and installing the suction cups on the shorter legs. It can be two wheels in one. Order 12 or 18 prize slots. Size 31” diameter x 73-1/2”H x 33-1/2”D. Weight 14 lbs.
